Company Profile

Our Story

Civil Design Contractors Ltd. (CDC)

is a proudly Trinidadian-owned civil engineering and construction firm, established in 2014. Born from a commitment to excellence and efficiency, CDC is led by an engineering director with over 20 years of experience in the Caribbean construction sector.

With deep expertise in structural engineering, project and construction management, and value engineering, CDC has a strong track record of completing projects on time, within budget, and to the highest standards.

We are committed to delivering innovative, cost-effective, and sustainable engineering solutions that meet the unique needs of each client.

Mission, Vision & Values

Mission

To deliver innovative, cost-effective, and sustainable civil engineering solutions that exceed client expectations.
